

Installation Instructions

ITEM NO. : FX-3752-24

**USE 24W MAX LED
Bulb (Included)**

** To ensure the success of the installation, be sure to read these instructions and review the diagrams thoroughly before beginning.

** Installation must be performed by a qualified electrician.

** Turn off the main power at the circuit breaker before installation, replacing lamp or maintenance.

INSTALLATION

1. Shut off main power at circuit breaker before attempting to install this luminaire.

2. Screw pole (2) to lighting body (1), pole (3) to pole (2), pole (4) to pole (3) and pole (5) to pole (4) and the canopy (6) to pole (5). If you make customized pole length combination, make sure the wire connection is the same as the original way at the output side of the driver.

3. Pull the existing electrical wires out of the junction box and make proper connections using wire nuts (7).

4. Install mounting plate (8) to junction box in ceiling using mounting screws (9).

5. Align the canopy (6) to the mounting plate (8) and fixed by side screws (10).

Turn on the main power and enjoy!

This LED light provides low maintenance service with no bulbs to change.
