PAPILLONS™

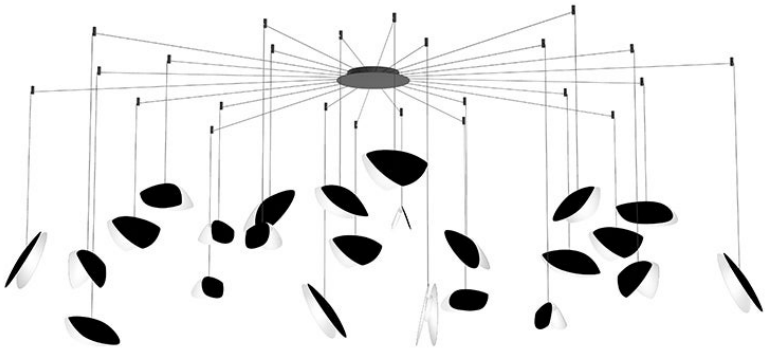

2909.25K

Sonneman

The Papillons™ family pays homage to Calder, Mondrian, and Miró with its whimsically modern mobiles of light. The softened triangles and oblong forms bring a sense of movement and play to a space, befitting the name, which translates to 'butterflies.' Available as a chandelier and a single pendant in a variety of sizes with a Satin Black frame, these kinetic light sculptures celebrate delicacy and dynamism in colorful suspension.
